

## Air Spiralo® product quality ? Nice to know

The Air Spiralo® circular ducts and fittings equipped with KEN-LOK® meet the international certification criteria of air-tightness class D both with under-and overpressure as well as leakage, strength and dimensions. In addition our circular and rectangular silencers have the classification mark cleanliness M1. All our products are repeatedly subject to certification criteria set by TÜV Rheinland Nederland, TÜV Rheinland Polska Sp. z o.o, VTT Expert Services Ltd. and The Building Information Foundation RTS.

The Air Spiralo® certifications in brief:

### Netherlands:

- **TÜV Rheinland Nederland: circular ducts and fittings**

Criteria: Certificate product label 2017 (Air tightness Class D): production, mounting and air tightness in accordance with the Luka-norms.
